APPLICATION 24111A

PERMIT 16603

LICENSE 10877A

THIS IS TO CERTIFY, That

Lecil E. Cole and Jeanette Cole
1750 Orcutt Road
Santa Paula, CA 93060

has made proof as of **January 26, 1977** (the date of inspection) to the satisfaction of the State Water Resources Control Board of a right to the use of the waters of **Santa Paula Creek in Ventura County**

tributary to **Santa Clara River**

for the purpose of **Recreational, Irrigation and Domestic uses**

under Permit **16603** of the Board and that the right to the use of this water has been perfected in accordance with the laws of California, the Regulations of the Board and the permit terms; that the priority of this right dates from **July 7, 1972** and that the amount of water to which this right is entitled and hereby confirmed is limited to the amount actually beneficially used for the stated purposes and shall not exceed

(A) By Direct Diversion:

(1) **Two Hundred and Twenty-Five thousandths (0.225) cubic foot per second from April 1 to October 31 of each year for irrigation use, and** (2) **five hundred (500) gallons per day from January 1 to December 31 of each year for domestic use.**

(B) By Storage:

(1) **Twenty-Six and Three tenths (26.3) acre-feet per annum to be collected from October 1 of each year to June 1 of the succeeding year.**

- (2) The total amount of stored water to be placed to beneficial use shall not exceed 25.5 acre-feet.
- (3) The maximum rate of diversion to offstream storage shall not exceed 0.93 cubic foot per second.

The total amount of water to be taken from the source (direct diversion) plus collection to storage for all uses shall not exceed 84.5 acre feet per year.

The equivalent of such continuous flow allowance for any 30-day period may be diverted in a shorter time if there be no interference with other vested rights and instream beneficial uses; and provided further that all terms or conditions protecting instream beneficial uses be observed.

THE POINT OF DIVERSION OF SUCH WATER IS LOCATED:

North 900 feet and East 400 feet from SW corner of Section 27, T4N, R21W, SBB&M, being within SW $\frac{1}{4}$ of SW $\frac{1}{4}$ of said Section 27, also described as California Coordinate System, Zone 5, N 327,850 and E 1,675,500.

A DESCRIPTION OF THE LANDS OR THE PLACE WHERE
SUCH WATER IS PUT TO BENEFICIAL USE IS AS FOLLOWS:

Domestic use within NW $\frac{1}{4}$ of NW $\frac{1}{4}$ of Section 27, T4N, R21W, SBB&M; Recreational uses at two reservoirs within NW $\frac{1}{4}$ of NW $\frac{1}{4}$ of Section 27, T4N, R21W, SBB&M; and irrigation as follows:

1 acre within the SW $\frac{1}{4}$ of SW $\frac{1}{4}$ of Section 22, T4N, R21W, SBB&M;
8 acres within the NE $\frac{1}{4}$ of NE $\frac{1}{4}$ of Section 28, T4N, R21W, SBB&M;
1 acre within the SE $\frac{1}{4}$ of NE $\frac{1}{4}$ of Section 28, T5N, R21W, SBB&M;
15 acres within the NW $\frac{1}{4}$ of NW $\frac{1}{4}$ of Section 27, T4N, R21W, SBB&M;
35 acres within the SW $\frac{1}{4}$ of SW $\frac{1}{4}$ of Section 27, T4N, R21W, SBB&M;
60 acres total as shown on map dated 6-2-97 on file with the State Water Resources Control Board,
all within, Assessors Parcel No: 040-0-100-255.

Licensee shall allow representatives of the State Water Resources Control Board and other parties, as may be authorized from time to time by said Board, reasonable access to project works to determine compliance with the terms of this license.

The quantity of water diverted under this license is subject to modification by the Board if, after notice to the licensee and an opportunity for hearing, the Board finds that such modification is necessary to meet water quality objectives in water quality control plans which have been or hereafter may be established or modified pursuant to Division 7 of the Water Code. No action will be taken pursuant to this paragraph unless the Board finds that (1) adequate waste discharge requirements have been prescribed and are in effect with respect to all waste discharges which have any substantial effect upon water quality in the area involved, and (2) the water quality objectives cannot be achieved solely through the control of waste discharges.

Pursuant to California Water Code Sections 100 and 275 and the common law public trust doctrine, all rights and privileges under this license, including method of diversion, method of use, and quantity of water diverted, are subject to the continuing authority of the Board in accordance with law and in the interest of the public welfare to protect public trust uses and to prevent waste, unreasonable use, unreasonable method of use or unreasonable method of diversion of said water.

This continuing authority of the Board may be exercised by imposing specific requirements over and above those contained in this license with a view to eliminating waste of water and to meeting the reasonable water requirements of licensee without unreasonable draft on the source. Licensee may be required to implement a water conservation plan, features of which may include but not necessarily be limited to: (1) reusing or reclaiming the water allocated; (2) using water reclaimed by another entity instead of all or part of the water allocated; (3) restricting diversions so as to eliminate agricultural tailwater or to reduce return flow; (4) suppressing evaporation losses from water surfaces; (5) controlling phreatophytic growth; and (6) installing, maintaining, and operating efficient water measuring devices to assure compliance with the quantity limitations of this license and to determine accurately water use as against reasonable water requirement for the authorized project. No action will be taken pursuant to this reasonable water requirements for the authorized project. No action will be taken pursuant to this paragraph unless the Board determines, after notice to affected parties and opportunity for hearing, that such specific requirements are physically and financially feasible and are appropriate to the particular situation.

The continuing authority of the Board also may be exercised by imposing further limitations on the diversion and use of water by the licensee in order to protect public trust uses. No action will be taken pursuant to this paragraph unless the Board determines, after notice to affected parties and opportunity for hearing, that such action is consistent with California Constitution Article X, Sec. 2; is consistent with the public interest and is necessary to preserve or restore the uses protected by the public trust.

Reports shall be filed promptly by licensee on appropriate forms which will be provided for the purpose from time to time by the Board.

The right hereby confirmed to the diversion and use of water is restricted to the point or points of diversion herein specified and to the lands or place of use herein described.

This license is granted and licensee accepts all rights herein confirmed subject to the following provisions of the Water Code:

Section 1625. Each license shall be in such form and contain such terms as may be prescribed by the Board.

Section 1626. All licenses shall be under the terms and conditions of this division (of the Water Code).

Section 1627. A license shall be effective for such time as the water actually appropriated under it is used for a useful and beneficial purpose in conformity with this division (of the Water Code) but no longer.

Section 1628. Every license shall include the enumeration of conditions therein which in substance shall include all of the provisions of this article and the statement that any appropriator of water to whom a license is issued takes the license subject to the conditions therein expressed.

Section 1629. Every licensee, if he accepts a license does so under the conditions precedent that no value whatsoever in excess of the actual amount paid to the State therefor shall at any time be assigned to or claimed for any license granted or issued under the provisions of this division (of the Water Code), or for any rights granted or acquired under the provisions of this division (of the Water Code), in respect to the regulation by any competent public authority of the services or the price of the services to be rendered by any licensee or by the holder of any rights granted or acquired under the provisions of this division (of the Water Code) or in respect to any valuation for purposes of sale to or purchase, whether through condemnation proceedings or otherwise, by the State or any city, city and county, municipal water district, irrigation district, lighting district, or any political subdivision of the State, of the rights and property of any licensee, or the possessor of any rights granted, issued, or acquired under the provisions of this division (of the Water Code).

Section 1630. At any time after the expiration of twenty years after the granting of a license, the State or any city, city and county, municipal water district, irrigation district, lighting district, or any political subdivision of the State shall have the right to purchase the works and property occupied and used under the license and the works built or constructed for the enjoyment of the rights granted under the license.

Section 1631. In the event that the State, or any city, city and county, municipal water district, irrigation district, lighting district, or political subdivision of the State so desiring to purchase and the owner of the works and property cannot agree upon the purchase price, the price shall be determined in such manner as is now or may hereafter be provided by law for determining the value of property taken in eminent domain proceedings.
